

## PRESS RELEASE

### Winter Construction To Build New Hampton Inn Sterling Pointe

ATLANTA (September 10, 2014)—Winter Construction was awarded the contract for the construction of an upscale Hampton Inn & Suites in the Sterling Pointe office park development by Hotel Development Partners (HDP) and its joint venture partner, Atlanta-based Hotel Equities.

The project which consists of the 132-room, seven-story, 85,000 square foot hotel, located in the bustling Perimeter business district at the corner of Ashford Dunwoody Road and Perimeter Center North, will also include four outparcels targeted for high-end restaurants and retail and the construction of a parking garage.

The Perimeter area of Atlanta includes several Fortune 500 companies with over \$3 billion in commercial real estate value, and is one of the largest office markets in all of metro Atlanta within walking distance of upscale retailers, restaurants, and entertainment.

Winter has a proven track record in the hospitality industry, and recently completed new hotel construction and renovation projects on properties around the Southeast, including Georgia, Tennessee, Florida and South Carolina.

Construction on the project will begin immediately.

*About Winter:*

*Winter is a privately owned and operated Atlanta based general contracting company.
